ABOUT ME

I am a highly skilled Web Designer with 6+ years of experience in creating responsive, user-friendly, and visually engaging websites. My expertise includes UI/UX design, modern front-end development, and brand-focused digital solutions. I specialize in delivering pixel-perfect designs, seamless user experiences, and performance-optimized interfaces using industry-standard tools and technologies.

I have successfully collaborated with cross-functional teams, including developers, product managers, and marketing teams, to build websites that not only look great but also support business goals. My design philosophy focuses on clean layouts, intuitive navigation, accessibility, and mobile-first design principles.

WORK EXPERIENCE

Panoptic Infotech Pvt. Ltd. - Web Designer   **2022- PRESENT**

Designed responsive and user-friendly web interfaces using HTML, CSS, Bootstrap, and modern UI/UX principles.

Developed interactive front-end components using React.js, jQuery, and JavaScript to enhance user experience.

Created wireframes and design prototypes in Figma & Photoshop for seamless development handoff.

Optimized websites for performance, accessibility, and cross-browser compatibility.

Collaborated with developers and project managers to deliver high-quality client-focused web solutions.

Led small teams, managed timelines, and ensured smooth execution of multiple ongoing design projects.

Ecomsolver Pvt. Ltd. - Web Designer   **2019-2021**

Built and maintained responsive website layouts for e-commerce and business websites.

Developed front-end features using HTML, CSS, Bootstrap, jQuery, and basic PHP for dynamic content.

Supported AngularJS/React-based projects by creating reusable UI components.

Ensured UI consistency and branding across all digital platforms.

Assisted teams with quick design changes, bug fixes, and performance improvements.
